XTREME 5

Portable waterproof speaker

It’s time to live loud.

The JBL Xtreme 5 unleashes legendary JBL sound with bigger output, tighter clarity, and AI Sound Boost that keeps those chest-thumping lows clean (even when you crank it all the way up).

The new ambient edge lighting turns your music into an experience, pulsing and shifting with every track. Pick your vibe from a soft sunset glow to a vibrant pulse and get clear cues for power, pairing, battery level, and Auracast™.

Built to move and made to last, the Xtreme 5 speaker’s ultra-rugged design is IP68 waterproof and dust-proof and drop proof for real-world durability. Floating hooks and an adjustable strap make it easy to grab, sling, and go. With up to 24 hours of playtime and an extra 4 with Playtime Boost, it’s built for every-day and all-night energy.

And you can go even bigger. Lossless audio capability sets you up for sound so pure, you’ll feel every beat. Or, you can use Auracast™ to link up multiple JBL Auracast™-enabled speakers and create an epic, room-filling soundstage.

- Smart EQ Mode
- Lossless audio playback
- Turn it up with Auracast™
- Power up with the built-in powerbank
- Customize with the JBL Portable app
- Made with recycled plastic and fabric

Bluetooth®

JBL XTREME 5

Portable waterproof speaker

Features and Benefits

Legendary JBL sound that hits harder with AI Sound Boost
Turn it up. Way up. The Xtreme 5 speaker's upgraded system—woofer, dual tweeters, and AI Sound Boost—drops deep bass and sharp clarity without distortion.

Up to 28 hours of playtime
All day. All night. Then some. The JBL Xtreme 5 runs up to up to 24 hours straight, plus four more with Playtime Boost. Then a quick 10-minute charge* gets you 2 more hours when the crowd won't quit.

Shoulder strap with floating hooks
Massive sound, hands-free. Sling it, swing it, take it anywhere. Floating hooks keep things balanced while you're on the move.

Waterproof, dustproof, and drop-proof
From poolside splashes to beach sand to unexpected drops, the JBL Xtreme 5 shrugs it all off. The Xtreme 5 handles party chaos with full IP68 protection and a rugged build that doesn't quit.

Ambient light sets the vibe
The Xtreme 5's ambient edge lighting moves with your music, featuring color themes that shift with every beat or mood. Choose a soft glow for relaxing moments or a vibrant pulse for hangouts. The lighting also provides clear visual cues for power, Bluetooth pairing, battery level, and Auracast™ connection—keeping you perfectly in sync.

Smart EQ Mode
Smart EQ Mode uses AI to analyze what you're listening to and automatically tune the EQ in real time—so your podcasts stay clear and your music hits huge.

Lossless audio playback
Plug in and hear your playlists in their purest form. The JBL Xtreme 5 supports lossless USB-C audio for high-quality streaming that hits every detail.*
*Requires compatible lossless audio content from supported apps/services.

Turn it up with Auracast™
More speakers, bigger sound. Pair two Auracast™-enabled speakers for stereo or link the whole JBL crew for a wall of sound that powers a whole party.

Power up with the built-in powerbank
Don't put the good times on pause. The JBL Xtreme 5's built-in powerbank lets you charge your devices without taking a break from the music.

Customize with the JBL Portable app
Make your speaker yours. Fine-tune your sound with a 7-band EQ, select light themes, and update your tech on the fly—all from the JBL Portable app.

Made with recycled plastic and fabric
The Xtreme 5 is packaged with PVC-free post-consumer recycled plastic and fabric, plus a recycled driver magnet. Its packaging is printed on FSC-certified soy ink paper.

Technical Specifications

- Transducers: 1 x 98mm x 145mm woofer / 1 x3.9"x 5.7", 2 x 20mm tweeter / 2 x 0.75"
- Rated output power: 1 x 90W RMS woofer + 2 x 20W RMS tweeter (AC power mode)
  1 x 60W RMS woofer + 2 x 15W RMS tweeter (Battery mode)
- Power input: 5V / 9V / 12V / 15V 3A,20V/4A
- Frequency response: 40 Hz - 20k Hz
- Signal-to-noise ratio: > 80 dB
- Battery type: Li-ion 68Wh (equivalent to 7.2 V/9444 mAh)
- Battery charge time: 3.5 hours (20V/3A input)
- Music play time: Up to 24 hours of playtime plus 4 hours with Playtime Boost (dependent on volume level, audio content and ambient light themes)
