

CINEMA SB510MK2

3.1 channel soundbar with built-in subwoofer

Hear it all loud and clear.

Upgrading your TV sound should be a painless experience, with a product that can fit seamlessly into your living space. All on its own, the JBL Cinema SB510MK2 makes everything you watch sound better.

Sink in to movie night and hear your entertainment come to life with clear dialogue and strong bass that delivers with ease, while Dolby Audio® enhances movies, shows, and sports with greater depth and immersive detail.

Set-up is as easy as plugging in the HDMI or optical cable, and Bluetooth lets you stream music and podcasts straight from your phone. And when you're ready for more, expand your system by pairing with compatible JBL Bluetooth speakers for true wireless surround sound.

Features and Benefits

Hear voices loud and clear

A dedicated center channel delivers film and TV dialogue with amazing clarity. You'll never ask "What did they just say?" again.

Enjoy great bass with no extra cables

The built-in subwoofer delivers deep bass without the need for another box or extra cables to clutter up your space.

Expand your system with compatible JBL speakers

Upgrade to true surround sound with SurroundPlay. Pair with compatible JBL Bluetooth speakers anytime for a flexible, cable-free setup that's a breeze to get connected.

200W max power output

Incredible, powerful sound for a more immersive TV experience.

Dolby Audio embedded

Hear your content with greater depth and immersive detail, keeping you absorbed in the moment.

One cable connection with HDMI ARC

The one cable HDMI ARC connection allows for the simplest set-up and a hassle-free user experience.

Wireless music streaming via Bluetooth

Stream and enjoy all your music wirelessly from any mobile device.

Made in part with recycled materials

The Cinema SB510MK2 incorporates post-consumer recycled plastic. It is also packaged in FSC-certified paper printed with soy ink.
